PROFESSIONAL EXPERIENCE

Finli – Frontend Engineer L3 (Mid Level) — Aug. 2022 - Dec. 2023

- Spearheaded the design and development of cutting-edge UI components leveraging modern JS frameworks, elevating user engagement and interactivity. Crafted responsive web designs to guarantee seamless user experiences across diverse devices and screen resolutions. Fostered seamless collaboration with backend teams, demonstrating adaptability by contributing to full-stack development and preventing knowledge silos.

Sincera - Frontend Engineer — Nov. 2020 - Aug. 2022

- Led the development of Next.js websites for clients across various industries, including ecommerce and digital marketing, ensuring timely delivery of feature-rich solutions.
- Cultivated an agile work environment within a small team, fostering efficient collaboration and swift adaptation to evolving project requirements.

COURSES COMPLETED

FreeCodeCamp

JavaScript Algorithms and Data Structures — Jan. 2022

- Covered the fundamentals of JS, including Object Oriented and Functional Programming.
- Focused on data structures such as Hash Maps, Binary Trees, Stacks/Queues, Linked Lists, etc.
